

Signal Performance Measures (SPM)

Designed by traffic engineers for traffic engineers

Benefits of Iteris' SPM Solution

Monitor the health of your
traffic signal system 24/7/365

Measure traffic pattern
changes over time

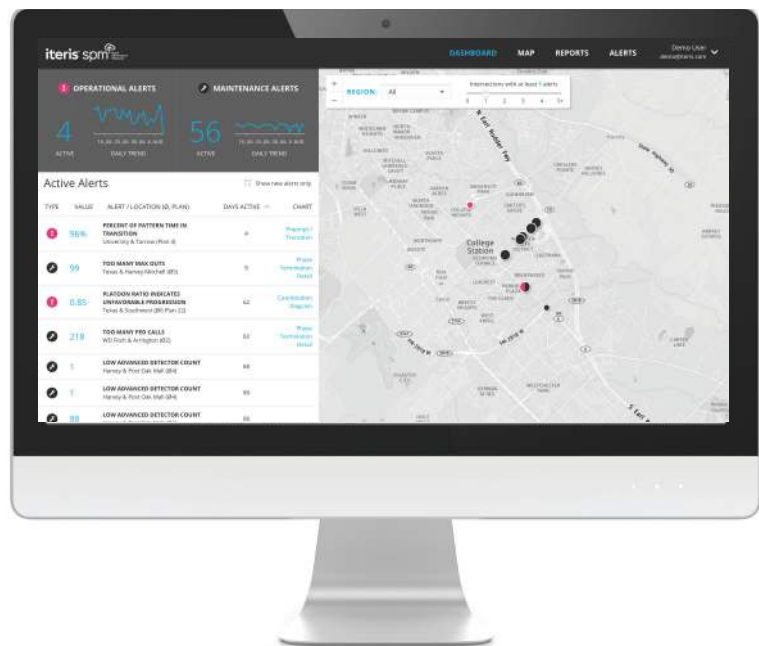

Observe the effect of
programming changes

Manage operational &
maintenance alerts

Charts/graphs describe &
prioritize needs

Iteris SPM 2.0 resolves common signal operation and maintenance issues that disrupt your timing:

- Stuck ped calls
- Extension time is too short
- Emergency vehicle interruptions
- Cross street waits
- Platoons arrive on red
- Vehicles waiting more than one cycle
- Frequent red light runners

Dashboard alerts prioritize issues:

- Know where to start
- No wasted time is spent figuring out what's wrong
- Avoid being the last to know

Signal Performance Measures (SPM)

Designed by traffic engineers for traffic engineers

Benefits of Iteris SPM

- Charts/graphs describe & prioritize needs
- Save Time & Money with Iteris SPM 2.0
 - Cloud-based – no need to maintain servers
 - No new hardware
 - 24/7/365 arterial network monitoring
 - Includes report card and training
