User's Group – Davenport

December 10/11, 2019

Agenda

12:00 – 1:00	Lunch		
1:00 – 4:00	NEMA Cabinet Wiring Class	Ted Kimm – Chief Engineer, MoboTrex	This class will be an introduction to the NEMA TS1 and TS2 cabinet wiring structure, as well as basic troubleshooting. This class is designed for Basic/Entry Level traffic technicians who are interested in becoming more familiar with the NEMA style cabinets and may benefit from basic troubleshooting instructions.
1:00 – 4:00	Transitioning from TS2 to ATC	Brent Katauskas, P.E. – Channel Sales Director, MoboTrex	This class will be an introduction to the ATC cabinet and compare NEMA TS2 hardware to the new ATC standards. The class will cover the key differences and the transition path between NEMA TS2 and ATC components, as well as highlighting the benefits and enhanced capabilities offered by ATC cabinets.

There will be an afternoon break on Wednesday
