December 7 & 8, 2021

## Agenda

9:30 – 10:30	Making Sense of New Technology	Dan Fuchs - Iteris	There is a continuous bombardment of new technology each year. Understanding the applications and how it can help your day-to-day operations can be daunting. This discussion is intended to enlighten you to the benefits and use of new, and not so new operational strategies, devices, parameters, just in general “tools” that can make your job (life) better.
10:30 – 11:00	Break	Vendor Area	Sponsored by EDI, Myers Emergency Power Systems, and Yunex Traffic
11:00 – 12:00	<u>Keynote Presentation</u> R2C: Return to Coordination Basics	Nicholas Halan, PE Phase I/Traffic Engineer at Hampton, Lenzini and Renwick, Inc. (HLR)	This presentation will discuss the topic of traffic signal coordination which is a tool to provide us with the ability to synchronize multiple intersections to enhance the operation of one or more directional movements in a system.
12:00 – 1:00	Lunch		
1:00 – 1:30	Communications Solutions	Bo Reed – IT Integrations and Support Tech, MoboTrex and Dan Elder – IT/Smart City Engineer, MoboTrex	Want to get access to an intersection but fiber is not an option? Dan & Bo will discuss communication alternatives to fiber, including cellular, radio, and copper lines.
1:00 – 1:30	TACTICS Training	Steve Mixson – Field Services Supervisor, MoboTrex	TACTICS in the field
1:30 – 4:30	NEMA Cabinet Wiring Class	Ted Kimm – Engineering Manager – Midwest, MoboTrex	This class will be an introduction to the NEMA TS1 and TS2 cabinet wiring structure, as well as basic troubleshooting. This class is designed for Basic/Entry Level traffic technicians who are interested in becoming more familiar with the NEMA style cabinets and may benefit from basic troubleshooting instructions.
1:30 – 4:30	Transitioning from TS2 to ATC	Brent Katauskas, P.E. – Channel Sales Director, MoboTrex	This class will be an introduction to the ATC cabinet and compare NEMA TS2 hardware to the new ATC standards. The class will cover the key differences and the transition path between NEMA TS2 and ATC components, as well as highlighting the benefits and enhanced capabilities offered by ATC cabinets.

\*\*There will be an afternoon break on Wednesday\*\*

*Thank you to all of our vendors!*
